

Avoid the Tino-Traffic Congestion

Try These Routes

Better yet, have your student walk or bike

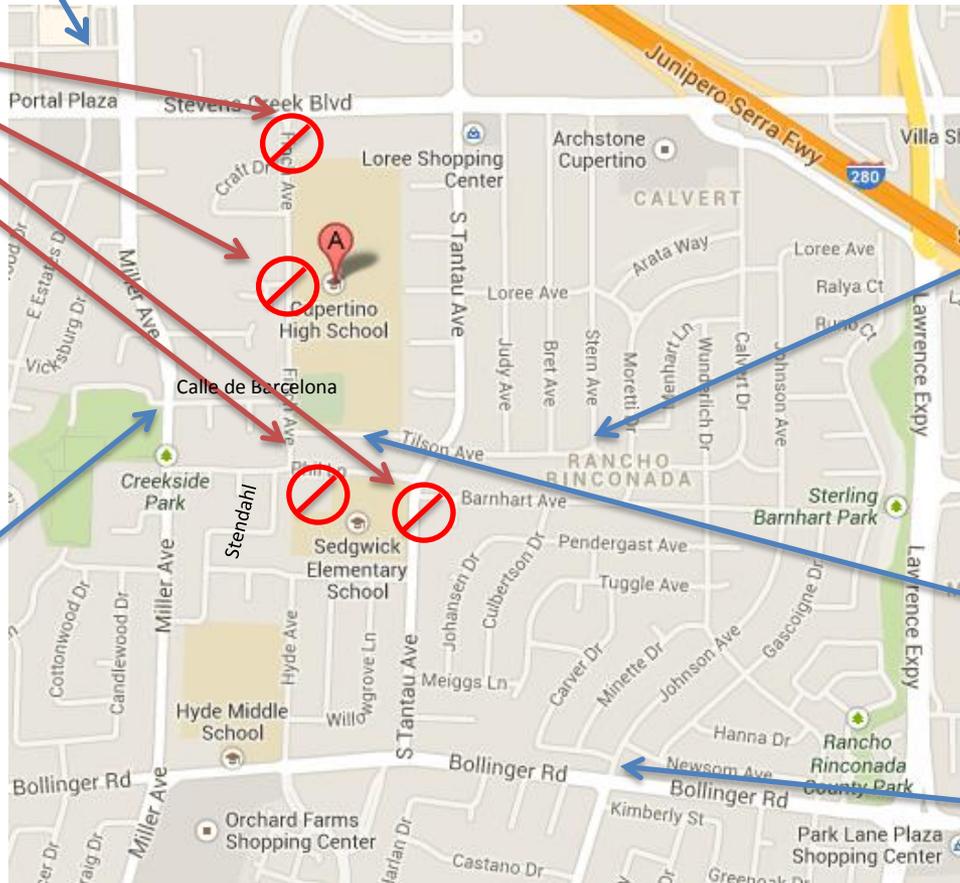

Arrive 15 minutes early. Be safe and avoid the congestion! Student get a chance to start the day stress-free.

Utilize Vallco Mall for drop off and pick up and avoid the Stevens Creek & Finch congestion. An 8 min. walk to Tino.

Avoid these areas of congestion!

Please do not allow students to exit vehicles while on Stevens Creek Blvd. This is dangerous

Students can walk through Creekside Park and Calle De Barcelona to Finch. Parents, if you must drive on Calle De Barcelona, turn right on Finch (south) and then you may drive south on Stendahl which curves and exits on Miller Ave.

From Stevens Creek, Drive south on Bret or Stern and turn right onto Tilson. Plenty of places to drop-off your student, who can walk on Tilson toward Tino. You can turn right on Judy and return to Stevens Creek Blvd.

The gate at Tilson is under-utilized. Drop off here, and avoid Finch by returning to Tantau and exit back to Stevens Creek via Judy, Bret or Stern.

Coming from Bollinger and Lawrence? Try turning right (north) on Johnson and left on Tantau to drop-off there. Avoid Tantau.
