Reporting locations are opened, as needed,  
and staffed by volunteers:  
Community Emergency Response Team  
Medical Reserve Corps  
Cupertino Amateur Radio Emergency Service

After an earthquake,  
go to your reporting  
location when...

...you can't get through  
to 9-1-1

...9-1-1 says they have  
no help to send

...you can't handle the  
problem yourself
