Flood and Storm Prevention, Are you ready?

With the rainy days and weeks ahead of us it is important to be prepared in case your neighborhood is affected by flooding and storm winds. There are several simple things you can do to prevent unnecessary damage to your home.

- Clear your gutter of any branches, leaves or other debris so sewer drains are clear.
- Cut long or heavy branches near and around your home to prevent them from falling or breaking off in a storm.
- Make ready-made plugs made of newspaper rolled up in plastic bags to prevent water from blowing under your doors (garage and elsewhere).
- Have candles on-hand in case of power outages; be sure to have candles secured in a dish or enclosed glass container for safety.
- In the event of a power outage turn off major electronic appliances to prevent an electrical short when the power comes back on.

If the lights go out, do you have the basics to get through the night?

As the winds get stronger in winter storms, the likelihood of power outages increases. Sometimes these outages can last for an hour or for several days. If the power suddenly goes out in your home, be sure to have basic items and simple equipment to ride out the storm. Such as:

Illumination

1. **Flashlights** – Preferably LED-based with easy to replace batteries such as AA and AAA cells which are normally used in household remotes. These portable lights will allow you to navigate freely.
2. **Candles** – Big or small, they should be secured safely to prevent starting a fire. Candles are an efficient method for providing stationary light.
3. **Hand-crank or battery powered lanterns** – A safer alternative to candles and are also easier to use for portable applications.

Food (non-perishable)

1. **Granola bars** – Easy way to provide necessary calories when you're hungry. Have a box or two on hand just in case.
2. **Trail mix** – Either store-bought or made by you, trail mix is a healthy way to have a fast snack.
3. **Potable water** – Bottled water or water stored in durable containers with enough to support you and your family. One gallon per person per day.
4. **Pet food** – Be sure to have enough dry pet food for any family pets as well as water for them.
5. **Cash (small bills)** – If power is out and stores choose to try to operate, they will not be able to accept debit or charge cards.

Communications

1. **Hand-crank or battery powered AM/FM Radio** – During a heavy storm or power outage these will provide you with news updates from the city. Be sure to tune into Cupertino Radio 1670 AM, KLIV 1590 AM, or KCBS 740 AM and 106.9 FM
2. **Check www.cupertino.org for Current Event Information.** Your local ARK may be open and provide an additional source of communication with the City and 9-1-1.

In addition to these basic items, be sure to have a plan in place with family members. Be sure everyone knows where and how to turn off the electrical circuit breakers if water starts to enter your home.

Upcoming Classes

- PEP: November 10, 6:30-9:30 pm and January 23, 9 am-noon
- Kaleidoscope: February 15-19, 9 am-1 pm
- CERT: March 10 - April 7, 9 am-noon and 6:30 pm-9:30 pm

roots | A 125th Anniversary

by Gail Fretwell-Hugger

Recently it was brought to my attention that Cupertino's oldest Protestant church is celebrating 125 years of service in the community. In reading the history of the congregation, Cupertino pioneer names rolled off the pages, bringing memories of miles of orchards and farms - old names like Jollyman, Glendenning, Rambo, Meyerholtz, Montgomery, Calvert, Ames, Marcotte, Merithew, Hall, Pavisio, Williams and many more. Cupertino's early settlers of Protestant persuasion - vintners, orchardists and retired sea captains, held their first services at the home of Mr. & Mrs. W.T. McClellan (McClellan Road and ranch) in the 1860's. As the group grew, meetings were held in the old San Antonio School (1867) and then the original Collins School (1881). In 1884, an acre was donated on the corner of Stevens Creek Road /Saratoga-Mt. View Road (now

Some of the current Union Church programs include participation with 12 other area churches in a rotating men's shelter for recovery and healing, providing beds and meals in conjunction with West Valley Community Services of Cupertino. There is a Montessori program for children on the church property. The internationally renowned children's choral group, the Crystal Choir, makes the church their headquarters and a 5,000 square foot building is going up on the property for rehearsal halls and classes. The church supports many mission groups and in-church activities.

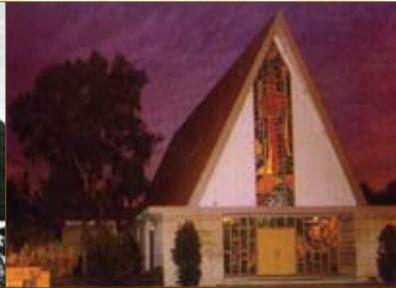

The current shepherd of the church, Rev. Mark Brady, related the following in the church newsletter about a 100 year old woman who, when asked how she felt when she woke up every morning, said..."Surprised!" Rev. Brady went on

First church dedicated, 1884

De Anza Blvd) money was raised (\$1,600) and a small Presbyterian mission church was built. The group later became the non-denominational Union Church of Cupertino in 1888, providing a place for social meetings as well as religious activities for the community.

Throughout the valley economic ups and downs, the Great Depression, two World Wars and countless other social, religious and corporate body changes, the church has maintained its presence in the Cupertino community. Two of the greatest challenges facing the congregation in the last century, were the arrival of established Protestant church denominations; Methodists, Presbyterians, Lutherans, Baptists and later, the evangelical churches, that drew members away from the Union congregation. Another challenge was the demographic changes in the later 1900's that contributed to a re-evaluation of the goals and activities of the church body to change and accommodate cultural shifts.

to wonder if the original founders of the church would be "surprised" is they knew what they started so many years ago was still going strong. Throughout its long history, members of the Union Church of Cupertino have contributed greatly to our community and will no doubt continue. A reading of the church history, published on the 100th anniversary, makes delightful and informative reading.

Many events marking this 125th anniversary year have already been celebrated, but on the 2nd Sunday in December, members of the Crystal Choir will be singing at the 10 am service at Union Church. Many thanks to the following folks for interviews and historical material.

America Recycles Day – Almost Everything Can Be Recycled

On America Recycles Day, November 15, millions of people will learn about recycling, commit to increasing their recycling activities, and plan to purchase more products made from recycled materials. America Recycles Day helps remind all Americans of our nation's bountiful resources and of our personal responsibility as stewards to care for those resources. Where we cannot prevent or reduce waste, we should find ways to recycle. And when we go to the store, we should seek environmentally preferable products, including those with recycled content.

In the spirit of America Recycles Day, the following are some things you can do to make a difference for the environment:

Reduce

When shopping, avoid over-packaged goods; buy in bulk when possible; only buy what you need. A recent report by the California Integrated Waste Management Board showed that Cupertino residents produce an average of 3.4 pounds of waste per person, per day. If each Cupertino resident could divert 2 pounds of waste per week, for 1 year, together we could prevent over 2,863 tons of waste from going to our landfill. Let's see if we can reduce our waste and meet that challenge.

Reuse

Avoid single-use throwaway products when a durable, reusable alternative is available. Donate things so somebody else can use them. Bring your own Reusable Bag when shopping. One reusable shopping bag can replace hundreds of single use bags over its lifetime.

Recycle

Buy more recycled content products. Increase recycling efforts at home, school and work.

Rethink

Your attitude, your actions, can make a world of difference. Let's each do our part. Because, almost everything can be recycled except the planet.

To find out how to recycle just about anything, visit the Recycling Hotline: www.recyclestuff.org. To find out more about recycling in Cupertino, visit the city's website at www.cupertino.org/environmental, and click on recycling.

Disposing of Used Cooking Oil Recycling

Disposing of used cooking oil is an environmentally important task. There are several ways to safely dispose of used cooking oil, but it should never be poured down the drain. When dumped down the drain, cooking oil (especially cooking grease) can clog up your pipes, back up sewer systems and create havoc at the sewer treatment plant where it will end up. In addition to the damage you can do in your kitchen, dumping it down a storm drain would be even worse. That sends it straight into our lakes, rivers, streams and to the ocean as an unwelcome pollutant affecting animal life. Consider contacting San Jose Tallow to safely dispose of your used cooking oil. San Jose Tallow (www.sanjosetallow.com, 11740 Berryessa Road, San Jose, CA 95133, 408.452.8777) filters and sells cooking oil to refiners who make biodiesel, which can be cheaper and more environmentally friendly than traditional petroleum-based diesel. You can also dispose of your used oil through the Santa Clara County Household Hazardous Waste Program. Residents wishing to make an appointment for disposal can register online at www.hhw.org or call 408.299.7300. There is no charge to residents.

Wood-burning Tips

The burning of wood in fireplaces and woodstoves is a major source of air pollution during the winter months. It contributes up to one-third of the particulate matter in the air on cold, still winter nights. Particulate matter is a health concern especially for children, seniors and persons with respiratory problems. Instead of wood, use manufactured fire logs (they burn 50% cleaner) and never burn garbage or chemically-treated wood. Don't Burn Wood during Winter Spare the Air Alerts, it is illegal to burn wood, fire logs, or pellets in your fireplace, woodstove, or outdoor fire pit on days for which the Air District issues a Winter Spare the Air Alert. The Winter Spare the Air season runs from November 1 through February 28. For more info visit,

» Get Your Business Certified "Green"

Is your business responsive to the changing marketplace? Patronage for environmental and socially responsible businesses has never been higher and will continue to rise. Don't fall behind! The Bay Area Green Business Program distinguishes small and medium-sized businesses that protect, preserve and sustain our environment. The program is offered in nine Bay Area counties through a partnership of environmental agencies and utilities to assist, offer incentives, and verify that participating businesses that achieve environmental compliance, conserve energy and water, minimize waste, prevent pollution, and shrink their carbon footprints. Businesses that meet this group's standards are officially recognized as Bay Area Green Businesses.

Certified businesses are listed on the Association of Bay Area Governments Green Business website and your business will receive a window decal to advertise your new status. Join the other green businesses in Cupertino by receiving your certification and receive recognition for helping our community save resources. In addition, Cupertino restaurants are invited to call the City at 408.777.3241 to request a free commercial-grade spray valve designed to conserve water while effectively rinsing dishes.

For more information about becoming a Green Business, visit the program website <http://greenbiz.ca.gov> or call the Green Business line at 408.282.3180 or email lisa.rose@aem.sccgov.org.

Adult and Community Education-Citizenship Classes

Sunnyvale-Cupertino Adult and Community Education offers **two Saturday morning ESL/Citizenship classes**: one for **beginning English** speakers from 9 am - 11 pm; a second for **intermediate English** speakers from 11 am-1 pm. Both of these classes are held at Templo el Monte Horeb (in room 1 on the second floor), 455 E. Maude Avenue, in Sunnyvale. These classes start on November 14, 2009 and end on January 23, 2010. Students can register by calling 408.522.2703 or online at www.ace.fuhisd.org. There is a \$10 materials fee due at registration.

In addition, on **Saturday, December 12, 2009**, from 9:30-11:30 am, there will be a **special one-day class, ESL/Citizenship Interview Preparation**, to help prospective citizens prepare for their interview. Volunteers from the community will act as interviewers. At this class there will also be an immigration expert who will talk about the interview process and answer questions. The class will meet in the Training Center at the Adult

Education Center, 591 W. Fremont Avenue, Sunnyvale. Register online at www.ace.fuhisd.org or in class.

For more information about these classes, please call 408.522.2703.

Volunteers Needed

Volunteers are needed to help conduct mock citizenship interviews for Sunnyvale-Cupertino Adult and Community Education's ESL/Citizenship Interview Preparation Class. This is a commitment for one morning only, Saturday, December 12, 2009, from 9-11:30 am. Since many prospective citizens are apprehensive about the interview process, this one-day class gives students an opportunity to practice for their citizenship interview in a relaxed and friendly setting. As a volunteer, you will **ask prepared questions and dictate prepared sentences**, thus simulating an actual interview. Training for volunteers will be done on the morning of the class. If you are interested, please call Linda Brummer at 408.522.2703.

Parking Permit Applications & Renewals Online

Cupertino residents living in permitted parking areas will need to apply for a new or renewed parking permit from the Public Works Department as current permits expire December 31, 2009. We suggest residents apply by December 15, 2009, because the Public Works Department will be closed between December 24 and January 1, 2009. The city will not be able to issue permits during this time. Parking permits will be valid between January 1, 2010 and December 31, 2011. Residents will receive a parking permit for each vehicle (including motorcycles), and two guest permits per address. New residents will be required to submit two forms of proof of address (utility bill or car insurance bill or DMV Auto Registration). Beginning November 1, 2009, residents may apply for new or renewed parking permits on-line at www.cupertino.org/parkingpermit. Please contact Public Works at 408.777.3354 if you have any questions regarding parking permits.

Save the Date-Silicon Valley Reads 2010

The annual Silicon Valley Reads program, sponsored by the Santa Clara Library system, and hosted in Cupertino by the Library and the Library Foundation, has announced their book for 2010, and the essay contest, a special feature in Cupertino, offering cash prizes.

On Saturday, March 20, 2010, in Cupertino Community Hall, a special reception with guest speaker, David Mas Masumoto and a panel of noted community experts will discuss the book, “In Defense of Food: An Eater’s Manifesto” by Michael Pollan.

Cupertino Adults and Students in Grades 9-12 are invited to participate in an Essay Contest that leads into the Cupertino Silicon Valley Reads 2010 March 20th event.

Essay Topic on the 2010 Silicon Valley Reads Book Selection: “According to author Michael Pollan, the rise of ‘nutritionism’ has vastly complicated the lives of American eaters without doing anything for our health, except possibly to make it worse... Pollan outlines the challenge and offers a straightforward manifesto - ‘Eat food. Not too much. Mostly plants.’” How do you react, respond, or interpret the author’s position?

**Grand Prizes \$500, 2-Winners,
1 Adult and 1 Teen
2nd Place Prizes \$300, 2-Winners,
1 Adult and 1 Teen**

Cupertino Adults and Students in Grades 9 - 12 are encouraged to participate. Entries must be submitted by February 28, 2010, and Contest Guidelines and Entry Form are available at www.cupertino.org/SVRCupertino. Winners will be announced publicly on March 20.
