

BACKYARD COMPOSTING: FREE workshops in Cupertino!

Transform your leaves, grass, and food scraps into rich compost for your garden.

Santa Clara County's Composting Education Program hosts FREE classes on both traditional compost piles and vermiculture (worm composting). Attend a course and learn about:

- Building a compost pile
- Building a worm bin
- What items to put in your pile
- Using compost in your garden

2017 Cupertino Class Schedule

The following classes are held at the Environmental Education Center at McClellan Ranch Preserve, 22221 McClellan Rd from 10am-12pm.

Date	Topic
