Civic Center Master Plan – Community Workshop

The City of Cupertino invites you to participate in a Community Workshop to help plan the future of the Cupertino Civic Center. The workshop will be held –

Date: Wednesday, July 30th, 2014 (6:00 - 8:00 pm)

Venue: Cupertino Room - Quinlan Community Center, 10185 N Stelling Road

Purpose of this workshop is to elicit the community's input on the different master plan options and program elements for the Cupertino Civic Center. These include alternatives for parking, a possible teen center, a New City Hall, a possible Sheriff's Office, outdoor recreation improvements, and more. Your input is critical in helping to shape and assess the alternatives and options that are being developed.

Brief background: The City of Cupertino has engaged the firm of Perkins+Will to assist the City in developing a Civic Center Master Plan with parking options. The Civic Center complex encompasses the area that includes City Hall, Community Hall, the Library, and the Library field. In 2013 the City Council selected a plan that focuses on "Civic Life" for further development into a master plan. The intent is to ensure that the Civic Center area becomes a multifaceted place of government, culture, education, recreation, and celebration that reflects the unique qualities and characteristics of the Cupertino community.

Results from this workshop will be summarized and shared with the City Council later this summer to assist them in selecting the preferred Civic Center Master Plan option.

A second community meeting will be held on Wednesday, September 24th to review the selected option, and to collect additional input.

All Cupertino community members are invited at both of these events.

We would greatly appreciate an RSVP for the July 30th workshop on Eventbrite at:

www.eventbrite.com/e/imagine-cupertino-civic-center-community-workshop-tickets-12067641641.

You can scroll down on the Eventbrite page and RSVP for the Wednesday, September 24th community meeting as well.

The City of Cupertino also has an online platform built specifically for the Civic Center Master Plan. When you register on the following link you will be guided through a series of brief questions and you will also receive notices and updates about the project: <http://www.imaginecupertinociviccenter.org/>

We sincerely hope you can participate at both the events and the online feedback platform!
