

# GENERAL PLAN AMENDMENT AUTHORIZATION

TUESDAY, NOVEMBER 5, 2019

## CUPERTINO

Proposals for development that include General Plan amendments are reviewed by the City Council twice a year. At that time, the Council decides whether or not the applicant may submit an application for a General Plan amendment. Authorization does not guarantee approval of the projects. Authorization directs staff to review the submitted application, including project, environmental review and public outreach.

### 2019 First Cycle Proposal:

On Tuesday, November 5, 2019, the City Council will consider:

### **Canyon View**

### **GPAAuth-2019-01**

**(APN#’s 356-27-026, 356-05-007, 356-05-008) adjacent to Linda Vista Park**

The proposed project is to allow 29 units where four units are currently allowed on an 86-acre hillside property with an average slope of ~48% which would require General Plan Amendments to change the existing General Plan Land Use Designation.

# GPA AUTHORIZATION

## Tuesday, November 5, 2019

### 6:45 p.m.

Cupertino Community Hall  
10350 Torre Avenue  
(next to the library)

---

The City Council will review the 2019 First Cycle proposals and decide whether to authorize the proposal as a General Plan amendment application.

For more information on the proposal, General Plan Authorization Policies, and the ability to sign up to receive updates, please visit:  
[www.cupertino.org/GPAauthorization](http://www.cupertino.org/GPAauthorization).

*\*The agenda is subject to change. Please check [www.cupertino.org/agenda](http://www.cupertino.org/agenda) in the event of any changes.*
