NOTICE OF PUBLIC HEARING

CUPERTINO PARKS AND RECREATION SYSTEM MASTER PLAN AND ADOPTION OF A MITIGATED NEGATIVE DECLARATION

On Tuesday, February 18, 2020 at 6:45 p.m., the City Council of the City of Cupertino will conduct a public hearing to consider the Cupertino Parks and Recreation System Master Plan (Project) and adoption of a Mitigated Negative Declaration for the Project. The City of Cupertino is the lead agency and is presenting this Project for consideration. Project: The Cupertino Parks and Recreation System Master Plan (Project) is a planning document intended to ensure that the City parks and recreation system meets the needs of the Cupertino community, and to guide the City in allocating resources for future development, renovation, and management of City parks and recreation facilities through the year 2040. The key components of the Project include vision and goals, systemwide objectives and actions, opportunities for enhancements, and associated implementation actions. The Project is focused on City owned or managed developed parks and recreation facilities in Cupertino. Location: Citywide.

Environmental Review: The City prepared an Initial Study to evaluate the environmental impacts of the Project. The Initial Study concludes that with design features, best management practices and incorporation of mitigation measures, the Project would not have a significant effect on the environment, and therefore the City proposes to adopt a Mitigated Negative Declaration. All environmental documents for the Project are available for public review at the Cupertino City Hall lobby at 10300 Torre Avenue, Cupertino, CA, and the Cupertino Library at 10800 Torre Avenue, Cupertino, CA. The documents are also available online in electronic format at the project website page at www.cupertino.org/parksmp.
