ROTATING SAFE CAR PARK

ADMINISTRATIVE REGULATIONS

WHAT IS A ROTATING SAFE CAR PARK (RSCP) PROGRAM?

- Emergency homeless program made up of a network of volunteer sites that host overnight guests for up to 2 months on an annual rotating basis.
- Allows for temporary overnight parking for homeless individuals/families living out of their cars as a safe alternative to sleeping on the streets or in a homeless shelter.
- Connects homeless individuals/families with hospitality and case management services.
- Requires participants to undergo an assessment and screening, own a functioning vehicle, and be enrolled in a case management program.

HOW TO BECOME A RSCP HOST SITE?

The RSCP program and Cupertino host sites must comply with all of the Cupertino Municipal Code criteria listed below:

- Located in a Quasi-Public Building (BQ) zoning district.
- Number of occupants shall not exceed 25.
- Hours of operation shall not exceed 6:00 P.M. to 7:00 A.M.
- Operational period shall not exceed 2 months in a 12-month period at a single location.
- Prior to operating, host sites shall review the Operational Guidelines.
- Prior to operating, host sites shall submit an Operational Plan for approval by the City Manager and the County Sheriff. The City may withdraw approval in the event the approved plan is not being followed.
