

## Employee Wellness Fair Resources 2021

Brought to you by the Cupertino Green Team

### Play Cupertino Green Jeopardy to Win!

Wellness Fair

Thursday, September 23

Cupertino Green	Category2	Category3	Category4
100	100	100	100
200	200	200	200
300	300	300	300
400	400	400	400

Visit our breakout Zoom Room from 12:15 p.m. at the Wellness Fair. Test your knowledge on environmental issues and the City’s eco-friendly actions for a chance to **win an \*exclusive\* Cupertino Green Tee Shirt and compost collection pail.**

#### About the Drought and Water Shortage

The year 2021 is the third driest year on record. The extreme conditions have caused Valley Water to declare a water shortage emergency condition.

#### How can I conserve water during the drought?

- Let your lawn go brown, but keep your trees watered and happy
- Turn off the water while brushing your teeth
- Only do full loads of laundry and dishes
- Install low flow shower and sink faucet heads
- Take shorter showers
- Check for leaks

Get a free Water Wise Outdoor Survey at [bit.ly/waterwiseoutdoor](https://bit.ly/waterwiseoutdoor)

Get free water conservation gear at [bit.ly/freewatergear](https://bit.ly/freewatergear)

### ENERGY

#### **Get free advice on saving energy in your home**

BayREN Energy Advisors offer free, non-biased advice and resources to all residents: single family or apartment, owner or renter. Their goal is to help you find the right approach, financing, rebates, and qualified contractors for a successful project. Start by taking a quick online home energy evaluation and receive an energy savings kit valued at \$70. Visit [bayren.org/energy-advisor](http://bayren.org/energy-advisor) or call 1-866-878-6008.

#### **Get rewards and cash for saving electricity**

Calling all PG&E, SCE, and SDG&E electric service customers: Ohm Hours is a third-party service can help you use energy when it's cleanest and rewards you for limiting use when it's dirty. Signing up is easy! Visit [ohmconnect.com](http://ohmconnect.com) to create your account.

#### **Browse and compare all-electric appliances**

Explore a wide variety of all-electric home appliances. Browse and compare with efficiency scores, explore customer reviews, track prices, and even find an installer with Silicon Valley Clean Energy's (SVCE) Appliances Assistant: [appliances.svcleanenergy.org](http://appliances.svcleanenergy.org)

#### **Discover solar and battery storage options**

Work with dedicated Solar Advisors to get multiple bids, understand financing options and learn how battery storage can benefit you with the SVCE Solar + Battery Assistant: [solar.svcleanenergy.org](http://solar.svcleanenergy.org)

### GETTING AROUND

#### **My Cupertino Commute: Employee Commute pilot**

Cupertino employees get rewards and incentives for choosing public transit, carpool, vanpool, biking, or walking to work. How to sign up:

1. Go to [cupertino.rideamigos.com](http://cupertino.rideamigos.com)
2. Click the "Register" button
3. Use your Cupertino email address and create a strong password

### Bike discounts for Cupertino employees

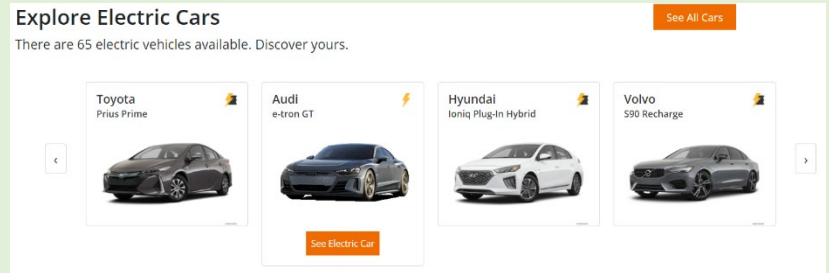

**TRAILHEAD CYCLERY** (Cupertino)

5% off everything in store for Cupertino employees. All Cupertino staff need to do is show their badge for the 5% discount.

[trailheadcyclery.com](http://trailheadcyclery.com) (408) 369-9666

### Explore electric car options and rebates

Browse and compare cars, discover incentives, and calculate your financial and emissions savings when you drive an electric vehicle. Also, explore charging options for home and on the road, all with SVCE's Electric Vehicle Assistant: [ev.svcleanenergy.org](http://ev.svcleanenergy.org)

## CLIMATE ACTION

### Join the Cupertino Climate Challenge

Learn about simple, everyday actions to reduce your carbon footprint. Join the "Cupertino City Employees" community, where your co-workers are sharing their actions and stories. Get tips and resources that are personalized for you. Sign up at: [cupertinoclimatechallenge.org](http://cupertinoclimatechallenge.org)

### Learn about the City's disposable plastics and climate action projects

We're updating the City's Climate Action Plan and considering an ordinance to regulate single-use plastics. Follow these projects and help us get the word out on [engagecupertino.org](http://engagecupertino.org)

#### Our Planet, Our Future

##### Climate Action Plan Update - CAP 2.0

Join the City of Cupertino as we plan for our future, together.
