

STREET SWEEPING DO YOUR PART!

Keeping streets clean can be easy:

Place leaves into your brown or green cart.

If you need another yard waste cart, please contact Recology at (408) 725-4020 or RecologySouthBay@Recology.com

Do not pile leaves in the street.

Leaf piles will not be collected. They clog storm drains, increase the chance of flooding, and block parking.

Don't block the sweeper truck.

Park off the street on your sweeping day.

During heavy leaf fall, more sweeping may occur on your street.
