As Volunteer Appreciation Month, April, is winding down, we are jumping right into May which is Older American’s Month (OAM) led nationally by the Administration for Community Living (ACL). This year’s OAM theme is “Age My Way” which focuses on how older adults can age in their communities, living independently for as long as possible. We have many volunteers that highlight both celebrations by keeping active and rising to all occasions in various ways.

Two Cupertino TV Productions (CTVP) volunteers, Amy and Adek, received Western Access Video Excellence (WAVE) Award this year for the production of their shows. Amy’s production, “Journey Back in Time from the Valley of Heart’s Delight to the Heart of Silicon Valley”, takes you through the Sunnyvale Historical Museum and how Sunnyvale has transformed from 1800 to the present with high-tech development. Adek’s production, “I Sing Through the Guitar”, showcases the accomplished musician and guitarist, Doug Young, and the

conversation about art, music, and personal stories mixed with wonderful performances. You can see their shows and learn more about CTVP by visiting cupertinotvproductions.com.

Locally, we have several volunteers who have recently been awarded a CREST (Cupertino Recognizes Extra Steps Taken) Award presented by the City of Cupertino. The CREST award honors the outstanding contributions a person makes in the selected category. Join in congratulating the following volunteers that are part of our 50+ community.
