CITY OF CUPERTINO

CYBERSECURITY AWARENESS 2023

High school students! Are you passionate about cybersecurity and making a positive difference in your community? Join the Cupertino CyberSecurity Science Fair and showcase your innovative ideas on educating the general public about cybersecurity and scam awareness.

How to Participate

Form a team of a minimum of two and up to a maximum of five high school students.

Develop creative ways to educate people about cybersecurity and scam awareness.

Submission Guidelines

Prepare a comprehensive (max two-minute) video presentation outlining your team's proposed project.

Include visual aids such as images, slides, or interactive elements to help convey your message.

Explain the target audience, goals, and methods for measuring the success of your project.

Scan and submit by Monday, August 28.

Finalists

Selected finalists will be invited to present to a Panel at Community Hall.

Final Presentation
Saturday, September 16
9 a. m. to noon
Community Hall

Impress the judges and the public with your creativity and passion for cybersecurity!

Prizes

First Prize
$200

Second Prize
$100

Third Prize
$50

Remaining finalists receive honorable mentions and $10.
