Bike to Work Day, continued from page 1

Again this year, the Cupertino BPC will set up an Energizer station, in front of Quinlan Community Center on North Stelling Road, operating from 6:30 - 9:30 am and serving both hot coffee and coffee cake while dispensing information and encouragement to all passing cyclists.

Bike to Work Day (BTWD) is a community event that encourages residents to try bicycling as their mode of transportation to get healthy exercise while relieving traffic congestion, improving air quality, reducing petroleum consumption, and saving money.

Silicon Valley Bicycle Coalition (SVBC) coordinates BTWD for Santa Clara County. Bay Area-wide BTWD contests challenge groups of cyclists to form teams and submit records of their bike commuting during Bike Month, which is the month of May. Information can be found at bikesiliconvalley.org/btwd/. Check the 511 Website at bicycling.511.org, for information to help map bike routes to work.

Cupertino had a very successful BTWD last year with a count of 136 cyclists pedaling north and 98 pedaling south on Stelling Road past the Energizer Station for a total of 234, of which 130 stopped for coffee, cake, and a chat about their commute. A small sample of bicyclists crossing the Mary Avenue footbridge, suggests that upwards of 324 bicyclists participated in BTWD, which would be a 20 percent increase over the 2008 participation. In fact, there has been a compound annual growth rate at the Cupertino Energizer Station of nearly 19 percent since 2007.

To celebrate the many non-motorized Across Barrier Connections (ABCs) opened in Santa Clara County over the last few years, the County's Bicycle and Pedestrian Advisory Committee (a.k.a. VTA BPAC, www.vta.org/schedules/bikeways_bpac.html) and SVBC are sponsoring the second annual self-guided "Over and Under Tour" on Saturday May 15 as part of the Mattson Technology San José ViaVelo (see bikesiliconvalley.org/content/1156 for additional information).

The highlighted over and under crossings (ABCs) are:

- Cupertino: Mary Avenue Bridge over 280
- Mountain View: El Camino undercrossing and Moffett bridge overcrossing of the Stevens Creek Trail

- Sunnyvale: Borregas Bridges over 101 and 237
- San Jose: Guadalupe Trail under 101 and Airport
- Santa Clara: 101, Central Expressway, and Scott undercrossings of the San Tomas Aquino Trail
- VTA: River Oaks Bridge of the Guadalupe Trail over the River

A suggested route linking the highlighted ABCs that connects with the San José ViaVelo will be available. Transit options are available for those wishing to combine transit with their self guided tour.

CREST Awards, continued from page 1

The awards ceremony and reception, which will include a brief presentation by City Council members, will be held in the Cupertino Community Hall, 10350 Torre Avenue, May 27, at 7 pm. The ceremony is free and open to the public. This year's winners are:

1) Lynne Capener: Lynne is the volunteer chairperson of the City's Schools Disaster Preparedness Committee. Along with her preparedness activities, she works as a music teacher for Cupertino Union School District while also being involved with her church and coordinating the school activities for her children. She is also a graduate of the Community Emergency Response Team (CERT) and an active member of the Cupertino Amateur Radio Emergency Service (CARES).

2) Catherine Chen: Catherine gives tirelessly of herself across a broad range of organizations. As a member of Quota International of Cupertino, she has contributed in assembling packages for the military in Iraq in conjunction with a class of students at Monta Vista High School, in the annual assembling of toiletries and other gifts for women and their daughters in a battered women's shelter at the holidays, and the annual assembling of Spring Baskets for children for West Valley Community Services.

3) Cupertino Senior Desk Volunteers: These groups of volunteers continually go above and beyond the call of duty. The desk volunteers are a very committed and loyal group who take their position as seriously as a paid position. The volunteers register seniors for membership, classes, trips, lunches, and special events. They also give senior center tours, show people to their classrooms, keep up with class counts, and let staff know when something needs attention.

4) Faith in Action Board: The Faith in Action Board is a collaboration of 11 churches and 1 synagogue that host the West Valley Community Service Rotating Shelter. In 2009, the Rotating Shelter provided 16,200 meals, 5,400 nightly beds, for over 100 homeless men and was supported by over 3,285 volunteer hours. Through financial and volunteer support, the Faith in Action Board raised an estimated \$150,000 to run the Rotating Shelter Program in 2009.

5) Wallace Iimura: Wally Iimura has been an essential member of the volunteer team at West Valley Community Services. Wally, who has been volunteering for WVCS for over a decade, has served in several different capacities, all of which to improve the lives of low income families in the West Valley region. Predominately known as an IT volunteer, Wally enables the WVCS staff to better perform their jobs. Wally was instrumental in bringing the VITA (Volunteer Income Tax-Assistance) program to WVCS.

6) Operation Awareness Planning Team: The Operation Awareness Planning Team completed the unprecedented task of developing a citywide earthquake exercise to test the abilities of our local volunteers. The Planning Team leaders scheduled

regular meetings with their individual groups, reviewed and prepared procedures and presentations, met with City staff and organizations, reached out to every community group they could think of to engage more volunteer assistance all while juggling work schedules, school schedules and children activities.

7) The Rhythmaires Band: The band is an all volunteer senior band originating from the Cupertino Senior Center with dedicated musicians that enjoy sharing their musical abilities and knowledge. The Rhythmaires Band shares their music within the Cupertino community, senior centers, retirement residences, convalescent hospitals, and local school districts. The band members volunteer their time with the Rhythmaires Band, a group total of over 1,708 volunteer hours, all for the love of music and sharing with others throughout the community.

8) Isabel Rodriguez & Andy Huang: Isabel and Andy played major leadership roles in the October 2009 Cupertino Emergency Response Team (CERT) emergency preparedness drill. Both Isabel and Andy each logged over 500 volunteer hours over a four month period. Andy aggressively courted various media outlets to carry stories about Cupertino's citywide emergency preparedness drill. He helped employing the Boy Scouts and Girl Scouts troops to pass out flyers to inform the community about the city-wide emergency drill. Isabel developed of the detailed written process for the documentation and conducted multiple training sessions.

9) Susan Wong & David Wong: Susan and David are part of the West Valley Community Services (WVCS) Board of Directors. They have been advocates for low income families in the West Valley Region and are also members of the Faith in Action Board. David also serves on the Fund Development Committee, where he helps carry out several fund-raising efforts, such as our annual Dinner at the Farm event.

10) Crystal Yan: Crystal started a service community group at Lawson Middle School where she put up flyers, talked to students, and ended up recruiting over 80 members. Within a month, she had mobilized the members to raise \$1,500 to buy Thanksgiving dinners for low-income families, and then went on to raise \$500 for UNICEF. Crystal also decided to start Project Connecting Communities which helped local Fremont Union High School District students to start their own service projects.

Urban Legends

Email is a powerful tool for distributing information. Unfortunately, not all the information you receive is true. Before you forward any email containing statements that are unverified, go to www.SNOPEs.com. This website is dedicated to stopping the spread of Urban Legends. Two perfect examples are the widely distributed earthquake preparedness information about the “Triangle of Life” and “How to perform CPR on yourself”. You can search SNOPEs.com by topic to make sure you are forwarding TRUE information and not perpetuating an Urban Legend. If you receive an Urban Legend email that is related to emergency preparedness, please forward it to oes@cupertino.org so that we can warn others.

“Victims Wanted”

California Department of Social Services, Santa Clara County Emergency Managers Association, American Red Cross, Salvation Army and the City of Cupertino are practicing for emergencies. We’re looking for people who will be willing to “play” disaster victims and “live” in the Quinlan Community Center simulated disaster shelter for approximately six hours on May 19 from 9 am - 3 pm. Lunch is provided.

Anyone 18 and older, and their pets, may participate. Under 18 years old may participate as long as at least one parent or guardian is also participating in the exercise. You must register in advance to participate. Go to www.maysheltersimulator.eventbrite.com for more information. Community Service hours are available.

In addition to testing our basic shelter plan, part of the simulation is to evaluate our ability to accommodate people with functional needs such as visual or hearing impaired, use wheelchair or walker, have difficulty understanding or following directions, need constant supervision.

Your participation will help us:

- Train for the next “big one” – practicing realistic situations
- Identify additional supplies / accommodations needed at the shelter
- Learn to better assist people with functional needs (mobility, vision, hearing, supervision, language)
- Don't forget your pets! We will be housing pets adjacent to the human shelter and need to practice with them too!

Please call Roxann Reynolds at 916.651.8874 or Marsha Hovey at 408.722.1210 with any questions or concerns.

If you do only one thing to prepare this month...

Fast, free, and essential:

Registering for AlertSCC is one of the fastest, easiest, and most immediately productive things you can do to better prepare for an emergency. It is the one step you should take today.

AlertSCC is a powerful mass notification system that will be used to send emergency information and instructions to anyone who lives or works in Santa Clara County. AlertSCC will send messages to phone numbers included in the emergency 911 and 411 directory listings. In addition, **by registering at AlertSCC.com** you may provide additional contact information to receive messages on other devices such as cell phones, TTY / TDD, and email. Register at www.cupertino.org/alertsc.

Upcoming Classes:

Free Personal Emergency Preparedness Workshop –

April 24, 9 - Noon. May 26, 9 - Noon, June 23, 9 - Noon

Cupertino Fall Festival & Safety Training –

September 25 & 26 at Memorial Park. Practice CPR and First Aid skills, sign up for classes, learn how to use a fire extinguisher, when to turn off natural gas and more!

Medical Reserve Corps orientation –

June 5, 9 am to 10 am at Cupertino City Hall. Anyone interested in learning more about our disaster medical operations is welcome to attend. If you have medical skills that can be helpful after an earthquake, be sure you learn about the City's medical support plan. Immediately following the orientation, there will be a Medical Reserve Corps **refresher training** on operating a field treatment site. Refresher training will be from 10 am to Noon, also at City Hall.

Simply Safe is a monthly article provided to inform the community about emergency preparedness, training schedules and volunteer opportunities. Contact the Cupertino Office of Emergency Services (OES) at 408.777.3335, email OES@cupertino.org, or go to www.cupertino.org/emergency for more information.

roots | Old Springs & Resorts in the Valley

by Gail Fretwell-Hugger

In the early days in Santa Clara Valley, there were several areas where hot and soda springs flowed naturally, usually in wooded canyons or near mountain streams. Some of the better known and recorded ones were Alum Rock Springs, Azule Springs, Gilroy Hot Springs and Pacific Congress Springs in Saratoga. At the Alum Rock, Saratoga and Gilroy locations, large hotels and resort cottages were built and thousands of people came to visit and stay to take advantage of curative and restorative effects of the waters.

At Alum Rock, there were two sulphur springs used for bathing purposes and the area gained considerable reputation in the treatment of malaria, nervous prostration

and “debility”. Azule Springs was located about twelve miles west of San Jose in the western foothills. There was no resort there but the waters were bottled and shipped in large quantities to all parts of the state. The water was described as “carbonated, and pungent and very similar to the famous seltzer water of Nassau in Germany.” It was said to be “antacid, aperient, diuretic, and tonic and of great value in dyspepsia, torpidity of the liver, habitual constipation, alcoholic dyspepsia and Bright’s disease.”

The Gilroy Hot Springs had a large hotel and cottages, and hot sulphurous mud baths said to be beneficial for those suffering from rheumatism, gout, syphilis and strumous and those having joint troubles. In addition to the two sulphur springs there was also a cold soda spring “free from sulphur and highly carbonated.”

New Almaden Vichy Springs was near the old quicksilver mining town of New Almaden, but the waters ceased to flow due to the deep workings of the mines.

Possibly the best-known and heavily visited resort springs area was Pacific Congress Springs one mile up the canyon (up old Highway 9) above the town of Saratoga. The springs were known and used by local residents as far back as the 1850’s

but it was not until the early 1860’s that a chemical analysis was made of the water and its chemical content was found to be the same as the world famous Congress Springs at Saratoga, New York. On June 16, 1866 Congress Hall, a fourteen room 50 ft. by 50 ft. Structure was officially dedicated with a Grand Ball that attracted the social elite of the Pacific Coast. Guest cottages flanked the hotel. Rates were \$2.50 per day or \$10-\$15 a week, all meals included.

In 1881, the original 14-room hotel was expanded to 63 rooms and additional cottages. Guests enjoyed hot and cold mineral baths. Trains brought passengers to both Los Gatos and San Jose and stages ran between both points and the resort. Traveling time

from San Francisco was advertised as 3½ hours and the fare in 1893 was \$2.25. In the latter years of the 19th century, the Stanford football team came to the resort for the week before the Big Game to practice in secret.

On the night of June 15, 1903, disaster struck. The hotel guests were at dinner when a fire broke out, caused by a defective flue in a chimney. A strong wind carried the sparks over the roof and in no time the building was doomed. The hotel was not rebuilt. Later the property was sold to the Peninsular Railway Company and they ran a spur line up the steep ascent to the destroyed hotel. The area became a picnic ground and connected with the San Jose and Los Gatos Saratoga Interurban. When that line ceased operations in 1932, Congress Springs slipped into oblivion. It was later taken over by the San Jose Water Company and the area was closed to the public. A remnant of the old train facility can still be glimpsed from Highway 9.

A natural curiosity, though not a hot spring, is Soda Rock on Stevens Canyon Road. This large rock, dripping “soda water” for as long as anyone can remember, juts out into the narrow road leading up the canyon. Watch out for poison oak when exploring.

Musical Greeting Cards - Do I Recycle It?

Musical greeting cards are more popular than ever. But because they contain electronics and a battery, they don't belong in the trash. So what do you do? Consider not buying musical cards. Will the person you are giving it to know how to properly dispose of the hazardous waste?

If you receive a card, remove the miniature speaker, the battery(ies) and the electronic circuit board. The circuit board along with the speaker and wire can be recycled at the City's next Environmental Day, along with other e-waste. Most likely the battery will still be good and can be reused in another household item. When the battery is spent, it can be recycled at curbside along with other household batteries. And the card? Easy – just put it in your curbside recycling cart. Please keep these tips in mind whether you're giving or receiving musical greeting cards.

Help Keep Our Storm Drains and Waterways Clean

Sweeping and piling debris, leaves, or branches into the street or storm drain not only clogs the drains, but can also cause serious environmental harm. Water in the storm drain empties to local waterways and the San Francisco Bay. Too much debris can upset the ecology of local streams and hurt fish. Pesticides, fertilizers and other pollutants from yard waste are washed into these water bodies as well. Please place all yard trimmings in your yard cart, extra garbage can, or compost bin. Thanks for doing your part to keep our storm drains clean and the environment safe.

Safe Needle and Syringe Disposal – Drop off Locations

Do the Right Thing – Dispose your sharps properly. Discarding sharps in the trash or recycling containers is illegal and poses a health hazard to sanitation workers, children, pets, and the public. The County's Household Hazardous Waste Program has been recruiting pharmacies throughout the County to provide residents with convenient drop-off locations. Cupertino Fire Station, 20215 Stevens Creek Blvd. will accept sharps in a 1 or 1.5 quart size biohazard Sharps container. For additional locations, visit www.hhw.org, and click on *Sharps Drop Off Locations*, or call

408.299.7300. Note: Residents **MUST** place sharps in biohazard sharps containers, which are available for purchase at your local pharmacy or medical offices.

Washing Your Car Tips

- Wash cars on an unpaved surface where dirty water won't flow to a driveway, street, gutter or storm drain.
- Empty your bucket of soapy water into a sink or toilet
- Minimize soap and water use. Even biodegradable soap is toxic to wildlife. Clean brake dust off of wheels with paper towels, and dispose of towels in the trash.
- Wash your car at a professional car wash where rinse water is recycled. A Watershed Watch Discount Card is available at www.mywatershedwatch.org. Use your Watershed Watch at the following locations:
 - \$4 off car washes at Classic Car Wash
 - 25% off featured green product of the month at Yamagami Nursery
 - \$4 off the Premier Special Car Wash at Capitol Premier Car Wash
 - 10% off your purchase at Mel Cotton's Sporting Goods

Household Hazardous Waste Disposal

During spring-cleaning, remember that it is easy and free to properly dispose of unwanted hazardous cleaning, hobby and gardening products. Residents wishing to make an appointment for disposal should call 408.299.7300. Examples of typical items that are brought in to the Program include: old paint, pool chemicals, used motor oil and antifreeze, batteries, solvents, bad fluorescent tubes or bulbs, mercury thermometers, and fertilizers and pesticides. E-Waste is now accepted at the permanent and temporary drop off locations. Small businesses also may be eligible to participate for a nominal fee. **SAVE THE DATE** – The County's Household Hazardous Waste Program will be holding a disposal event in Cupertino on Saturday, October 30.

Tree4 Free Program

Cupertino Residents are eligible to participate in the Tree4Free program and receive a free tree following the completion of a home energy audit, or House Call, through Acterra's Green@Home program. The program offer community-wide air quality benefits and demonstrate the city's environmental commitment. For more info visit Cupertino.org/green.

» Bring Your Own Use Reusable Bags when Shopping

Want to make a difference? Bring your own reusable bag when shopping. Did you know that a high quality reusable bag has the potential to replace over 600 single-use plastic bags over its lifetime, significantly reducing plastic bag litter? Plastic bags are one of the most common litter items found in creek cleanups. Paper bags are just as problematic as plastic, taking 14 million trees each year in the United States to produce a year's supply of paper bags for retail use.

According to Californians Against Waste, "Every second, 400 light and aerodynamic plastic bags are distributed in the State of California. That's 14 billion bags per year." Plastic bags clog our creeks, streams and bays. They are a major component of the worsening problem of plastic litter that kills thousands of marine animals every year. In one large area of the Pacific Ocean there are already 46 times more plastic particles than

plankton. Most of the 400 bags per second used in California are discarded in the trash where they either enter processing plants, the ecosystem or landfills. There's no reason for these bags to end up in the landfill or our oceans. California's plastic bag recycling law, AB 2449, requires all California grocery stores to take back and recycle plastic grocery bags. The bill also requires retailers to provide reusable bags for sale to customers. The best solution is to avoid plastic bags and bring your own bag when you shop. Do not put plastic bags in your recycling cart. Plastic bags that you do have can be returned to most large grocery stores for recycling. Help Cupertino Shop Green!

Spring Cleaning Garbage Info

Residents planning to do "spring-cleaning" should remember they can use "On-Call" Garbage Disposal Days, or Yardwaste/Woodwaste Recycling Days (two days per year), at no charge. Call Recology, formerly called Los Altos Garbage Company, for an appointment: 408.725.4020. Residents with just a couple of extra bags of trash can order "extra garbage" tags from the garbage company by calling 408.725.4020. Tags cost \$5.89 each or 10 for \$55.97. For information on the city's garbage and recycling programs visit www.cupertino.org/environmental. For information on how to recycle just about anything, call the Recycling Hotline: 408.924.5453; or look on-line: www.recyclestuff.org.

Go Green Grants

This mini grant program is offered to individuals and organizations to implement environmentally beneficial projects in their homes, businesses, churches and schools. It will providing residents to apply for up to a \$100 Go Green Grant to make improvements such as purchasing and installing weather stripping, hot water heater blankets, Energy Star appliances, new irrigation equipment, composting bins, etc. This program also require residents to first complete an Acterra Green@Home House Call to become eligible to

participate in this new environmental grant program. For more info visit Cupertino.org/green.

Get Involved in Creating a Green Building Ordinance for Cupertino

The City of Cupertino is seeking participants to serve on two focus groups to provide input on its first Green Building Ordinance. One group will focus on commercial development and the other will focus on residential development related to green building. If you are interested in serving on one of these focus groups, please contact Aki Honda Snelling, Senior Planner, in the Community Development Department at 408.777.3313 or by email at akis@cupertino.org by Friday, May 14, 2010. You can also contact the City if you would like to sign up to receive email updates as the process proceeds.

Mothers Day Fair

May 8 & 9, 10 am – 6 pm, Memorial Park

Join us for the 10th annual Mother's Day Fair at Memorial Park, Cupertino on May 8 and 9. It is World Journal's yearly signature event. As the leading local Chinese media, World Journal aims to work closely with the city of Cupertino and its residents to promote cultural diversity across different ethnic groups.

There will be over 10,000 people attending this fun festival during the two day event. There will be variety of cultural program, lion dance, performances, music, Kung-Fu performance, variety booths, and much more.

This year City also has five booths to promote city's program and services. We invite you along with your family to this community event. We firmly belief that art, music and cultural heritage should not be limited to national boundary, but needs to be shared and appreciated across the world.

Neighborhood Block Leader Training

April 29, 6 - 9 pm, Community Hall

Good neighborhoods are those who work together on common issues and look out for each other. The Cupertino Block Leader program helps to improve communication, increase public safety, and enhance cultural understanding in neighborhoods. Learn how you can connect with neighbors to build community in your neighborhood. Email communityrelations@cupertino.org or call 408.777.3331 to sign-up.

Notice to Cupertino Residents
