

Evacuating Cupertino Zone CUP-E027

This map is intended to serve as a planning resource, not a guide when you are in the process of evacuating.

Plan for yourself and your household ahead of time. If you believe that you will require additional time to evacuate, treat an evacuation warning as an order and leave as soon as possible. If you feel that you are in danger, do not wait to be told to evacuate. Share your evacuation plans with neighbors, your community, and family. Share vehicles with neighbors when evacuating, if possible, to reduce road congestion. If an evacuation is ordered, routes and temporary evacuation points as well as specific instructions may be provided by public safety agencies through the AlertSCC system.
