**FREE Shakespeare in the Park**  
 presented by the San Francisco Shakespeare Festival

# Two Gentlemen of Verona

Written by: William Shakespeare  
 Directed by: Kenneth Kelleher

Best friends Valentine and Proteus are two gentlemen of Verona, and youthful love is in the air. Proteus falls for Valentine's glamorous new girlfriend, Silvia and dumps the faithful Julia. To win back her man, she must (like all good Shakespearean heroines) dress up as a boy. With three outrageous outlaws, a misbehaving dog, and fun 60's tunes in the mix, Shakespeare's Two Gentlemen of Verona a zany comic caper that's sure to delight the whole family.

August 14, 15, 20, 21, 22, 27, 28, 29  
 Shows begin at 7:30 pm

-Cinema at Sundown, continued from page 1

## CINEMA AT SUNDOWN

A FREE outdoor film series  
 Thursdays, 8:30 pm.  
 Memorial Park Amphitheater

July 15 **WHERE THE WILD THINGS ARE**  
 Directed by Mark Osborne & John Stevenson  
 Rated PG, 92 minutes  
 2009

This adaptation of Maurice Sendak's classic children's story follows Max, a disobedient little boy who is sent to bed without his supper. Max then creates an imaginary forest world populated by the wild things, exotic monsters and ferocious creatures who embrace Max as their ruler.

July 22 **FREE WILLY**  
 Directed by Simon Kincaid  
 Rated PG, 42 minutes  
 1993

Fishermen separate a young orca whale (Willy) from his parents and he ends up in a fish bowl at a marina. Meanwhile, a street kid runs afoul of the law and gets caught vandalizing the marina, but his social worker gets him off the hook (so to speak) provided he cleans up his mess at the marina. While there, he befriends the whale and teaches him tricks, something the trainer hasn't been able to do. But when Willy is a dud in front of the audience, the marina owner plans some bad things, and the boy and his friends must try to free Willy.

July 29 **THE WIZARD OF OZ**  
 Directed by Victor Fleming  
 Rated G, 92 minutes  
 1939

Kansas girl Dorothy Gale (Judy Garland) and her dog Toto, are whisked by a tornado into the magical land of Oz in this much loved musical adaptation of L. Frank Baum's classic novel. Dorothy joins the Tin Man, the Scarecrow and the Cowardly Lion on an adventure down the Yellow Brick Road to persuade the Wizard to help her find her way home.

August 5 **THE BLIND SIDE**  
 Directed by John Lee Hancock  
 Rated PG-13, 128 minutes  
 2009

"The Blind Side" depicts the story of Michael Oher, a homeless African-American youngster from a broken home, taken in by the Touhys, a well-to-do white family who help him fulfill his potential. At the same time, Oher's presence in the Touhys' lives leads them to some insightful self-discoveries of their own. Living in his new environment, the teen faces a completely different set of challenges to overcome. As a football player and student, Oher works hard and, with the help of his coaches and adopted family, becomes an All-American offensive left tackle.

## Development Permit Process Workshops

The City of Cupertino is seeking participation from residents, property owners, business owners, and interested parties, in group workshops to provide input on the City's current Development Permit Process (Application No - CP-2010-01). The focus of the workshops is to collect comments and suggestions from the community for possible enhancements.

The City will host two workshops from 6 - 8 pm on **Wednesday, July 28 and Thursday, August 19** in the Cupertino Room at the Quinlan Community Center. A possible third workshop is scheduled from 6 - 8 pm on **Wednesday, September 15** in the Cupertino Community Hall.

Following the workshops, the Planning Commission and City Council will hold public hearings in Fall 2010 to consider the recommendations and related policy and/or zoning ordinance amendments.

If you have questions or are interested in participating in the workshops, please contact Piu Ghosh, Associate Planner, at 408.777.3277 or e-mail at [piug@cupertino.org](mailto:piug@cupertino.org) by Friday, July 16, 2010. For further information on the Review of the Development Permit Process and public hearing dates, please check the city's website at [www.cupertino.org/dpp](http://www.cupertino.org/dpp).

Do you have children going off to college? Make sure their college apartment or dormitory has an emergency plan. Ask about procedures for fires, earthquakes, sheltering in place, evacuation routes and outside assembly points. Discuss each scenario with your child.

Identify a friend or relative that lives outside both the college area code and your home area code and give that phone number to all family members. During disasters, when local area codes are overloaded, it is possible to make long distance calls to keep you connected. AND, if the emergency happens here at home, you'll be able to call the same number to keep your child updated. Text messaging might work too.

Has your child taken basic first aid and CPR classes? Do they know basic preparedness procedures for the hazards near their college such as severe weather (heat, snow, thunder & lightning), hurricanes, tornadoes, flooding and earthquakes? Being ready for emergencies requires education too.

## Upcoming Classes:

**July 4th Fireworks.** Community Emergency Response Team volunteers, including Cupertino Amateur Radio Emergency Service and Medical Reserve Corps will assist with safety and communication at all City hosted venues. Please stop by their booth and ask questions.

**FREE! Personal Emergency Preparedness Workshop.** Learn when and how to turn off natural gas, life saving medical assistance you can provide before an ambulance arrives, how to use a fire extinguisher, how to communicate when phones are not working, emergency supply suggestions and much more! A MUST FOR EVERY CUPERTINO RESIDENT! July 20, 6:30 -9:30 pm, August 26, 9 am to noon, September 25, 9 am to noon.

**Kaleidoscope Public Safety Training** for ages 11-18, July 12 - 16, 9 am - 1 pm, City Hall

Fire safety, earthquake preparedness, law enforcement and 9-1-1 center, CPR & First Aid training!

**FREE! Community Emergency Response Team (CERT) Class** is held once a week for five weeks. Choose from September 9, morning class starts from 9 am to noon or September 10, evening class starts for 6:30 - 9:30 pm. Personal Emergency Preparedness Workshop is a prerequisite. That way you'll be sure to have your home and family be prepared and also help your neighborhood with your new CERT skills.

**Cupertino Fall Festival & Safety Training** – September 25 & 26 at Memorial Park. Practice CPR and First Aid skills, sign up for classes, learn how to use a fire extinguisher, when to turn off natural gas and more.

**October 16 & 17 It's time to get involved!** Citywide emergency preparedness exercise. Cupertino's Award winning volunteer response team will again be exercising their disaster capabilities. ALL businesses, homeowners associations and apartment complexes should contact the Office of Emergency Services to discuss community safety and their responsibilities before and during disasters. EVERYONE should take the Personal Emergency Preparedness Workshop. Email [oes@cupertino.org](mailto:oes@cupertino.org) or call 408.722.1210.

by Gail Fretwell-Hugger

Two brothers; Jean Baptiste Jere (Jules) Portal and Louis Baptiste Portal provide one of Cupertino's fascinating early settler sagas. Their vineyard acreage and amazing 3-story house with a "widow's walk" dominated the West Side (Cupertino) landscape for many years until it was demolished in the mid-1950's to make way for subdivisions.

One story about JBJ Portal places him in San Francisco in the 1850's – in the French laundry business. According to the story, miners in the gold fields had 2 or 3 shirts to their name – one on their back, one on a ship bound for Hawaii to be cleaned and pressed and one on a ship returning from Hawaii to its owner. JBJ's French laundry business near the California gold fields earned him enough money to buy quite a bit of land – some of which became Burgundy Vineyards in the West Side as Cupertino was known in the early days.

In 1866, JBJ married Mathilde Blanche Widman, whose family had come west to California. Mathilde and JBJ lived and farmed from their magnificent house which had 18 bedrooms, an ornate exterior and was visible from quite a distance (the house and property were near the present day site of Portal Plaza and the former Vallco Shopping Mall).

Another story concerned a worker who left a spigot open on one of the wine vats in the cellar. The wine spread out on the dirt floor and since the cellar doors were open, down the steps came a huge sow trailing half a dozen piglets. The next morning someone spotted the open door and found all the pigs passed out and completely soused. The piglets weren't too heavy to carry out but mama pig weighed in around 400-450 lbs. They had to wait until she sobered up and could climb the stairs under her own power – probably with a bit of prodding and a string of French curses behind her.

The Portal family employed a number of cooks over the years from different countries. Sometimes communication from language to language got a bit garbled. Some guests were coming to dinner and the cook du jour was requested to make a "pumpkin pie". "No", says he, "I make apple pie". Again he was instructed to make a "pumpkin pie" and again he replied in the negative and offered apple pie. Mrs. Portal said with finality, "I want you to make a pumpkin pie!" When it came time for the pie to be served, in came the cook with 2 large apple pies with "punk" sticks (punk sticks

*JBJ Portal & Mathilde Portal*

are used to light fire crackers) protruding from the crusts. Mrs. Portal – in front of her guests - declared forcefully, "I said I wanted PUMPKIN PIE!" The cook responded "Missy Portal, is "punk" in pie, no?" No one was sure whether the cook did not understand how to make a pumpkin pie or was just determined to make apple pies.

There are many more fascinating stories and photographs in the Portal family history album at the Cupertino Museum. The family history was compiled from audio tapes by Portal descendant, James R. Tormey.

## Expanded New Recycling Services Effective November 1

Watch for additional information on these expanded services prior to the start date, **November 1, 2010**. Recology will promote these expanded recycling programs through its newsletter, website, quarterly utility bill inserts, newspaper ads, and through the City's website and access channel.

The City's new franchise agreement with Recology Cupertino, formerly Los Altos Garbage Company, will result in a 75% diversion of waste from landfill by November 2014. Currently the State of California requires a minimum of 50% diversion and as of 2009, Cupertino had diverted 60% of all its waste collections. A key component of this Agreement is to maintain Cupertino's role as a leader in recycling in Santa Clara County.

### Notable new recycling features in the agreement include the collection of:

- Food waste (compostable materials) from residents along with plant trimmings for processing into compost (Recology will provide each household a free seal-tight pitcher, in which to save food scraps until they are wrapped in paper bags or newspaper and placed with plant trimmings in the new blue organics bin for collection);
- Food waste (compostable materials) from restaurants, grocery stores and other businesses in Cupertino;

### Compostable Materials include:

- materials generated from tree trimming, shrubbery pruning, vegetative garden wastes, dead plants, weeds, leaves, grass clippings, and other non-food vegetative matter
- all food-soiled paper, such as napkins, towels, plates, tissue, cups, and take-out containers including pizza boxes and waxed cardboard boxes
- All food products and bones such as chicken, turkey, fish, beef, and pork
- Coffee grounds, paper tea bags and paper filters
- Dairy products
- Pasta, bread and dough products
- All fruit and vegetables

- Paperboard milk cartons;
- All of your glass, plastic bottles, paper and food waste from multi-family town homes, condominiums and apartments (services will be equivalent to single family homes).
- Dry cell batteries and cell phones for recycling will be collected from drop-off bins placed at multi-family dwelling management offices;
- Cooking oil from residents when placed at curbside, on the regularly scheduled service day, in a 1-gallon clear plastic container with a closed screw-top lid (only available for residents receiving curbside cart service).

## The Citywide Garage Sale Is Coming

Cupertino's annual Citywide Garage Sale will be held September 25 & 26 at individual homes and private locations within the City. The City is inviting residents and community organizations to register, starting August 16, and will provide free advertising and a garage sale "How-to" kit, for all registered sellers. Sale participants manage their own garage sales and keep the profits. There is no fee to participate. Participants may register on-line at the City's website, [www.cupertino.org/garagesale](http://www.cupertino.org/garagesale) or by calling 408.777.3354. The last day to register to be listed on the City's advertisement is September 10. The City's goal in sponsoring Cupertino's Citywide Garage Sale is to prevent usable items from being thrown away if they can be re-used by someone else – and to have fun.

## »Water Conservation

The Santa Clara Valley Water District has resumed its water conservation campaign to remind the community to save 20 gallons every day. Thanks to a wet rainy season and community conservation efforts, local water supplies have increased this year. However, uncertainty continues to plague our imported water deliveries from the Sierra Nevada, which meet half of Santa Clara County's water demand. By making a few efforts, you can help save hundreds or thousands of gallons each month. Try doing one thing each day to save water.

### Water Conservation Tips:

- Fix those leaks! To help detect hidden leaks, turn off anything that uses water and see if your water meter is still moving. If it is, there could be a leak somewhere.
- Install water-efficient devices such as high-efficiency toilets, high-efficiency clothes washing machines, low-flow showerheads and faucet aerators.
- Only run your washing machine or dishwasher with full loads.
- Turn off the faucet while brushing your teeth and shaving.
- Water in the early morning. Many irrigation experts feel the best time to water is between midnight and 6 am because evaporation is kept to a minimum.
- Water your lawn only when needed,

### Date Change – Annual Household Hazardous Waste Collection Event

The County-wide HHW Program will hold its annual Cupertino disposal event on Saturday, October 30, 2010. This event previously occurred in August. The date was changed in response to residential requests to hold the event after the Citywide Garage Sale. The October date will allow garage sale participants to dispose of unwanted household hazardous materials they discover while getting ready for their sale. The drop-off is free for Cupertino residents. Online appointments are required and may be made at [www.hhw.org](http://www.hhw.org) or by calling 408.299.7300.

generally once every three days during the summer.

- Check sprinkler timers and reduce watering times if necessary.
- Check sprinkler heads, valves and drip emitters once a month. Make sure heads are aimed correctly.
- Apply a layer of organic mulch around plants to reduce moisture loss and stop weeds.
- Ask your local nursery for the types of plants that will save you water. Water wise plants can be beautiful as well as practical.
- Use a broom, rather than a hose to clean pavement.
- Use a spray nozzle with a shutoff handle so water doesn't flow continuously.

The water district offers programs and rebates to help residents and businesses save water and money. To learn more or to sign up for a free water wise house call, visit [www.valleywater.org](http://www.valleywater.org) or call 408.265.2600.

*Note: If you are a highschool junior interested in community service hours, please contact [environmental@cupertino.org](mailto:environmental@cupertino.org) to discuss a volunteer filing project with the City's Environmental Programs Division.*
