CITY COUNCIL INFORMATIONAL MEMORANDUM

Date: July 25, 2024

To: Cupertino City Council
From: Pamela Wu, City Manager

Re: Third and Fourth Quarterly Update for Fiscal Year (FY) 23-25 City Work Program

This report focuses on updates from the third and fourth quarter of the Fiscal Year (FY) 2023-2024 City Work Program from February through June 2024.

On April 4, 2023, the City Council adopted the FY 2023-2025 City Work Program, which included a total of 24 projects. As part of the City's budget reduction strategy, the City Council approved funding for 15 of the 24 projects for FY 2023-2024.

These 15 projects are reflected on the Dashboard and have been organized by department for a total of 26 projects. Attachment A includes updates for all 26 projects, which can be viewed on the City Work Program Dashboard at cupertino.org/cityworkprogram.

Below are highlights from notable items:

Council and Commission Governance Reform Package

In March, Council adopted modifications to the Commissioner's Handbook and made relevant changes to the Municipal Code and Resolution relating to advisory bodies. These changes were required to remain consistent with the City Council Procedures Manual adopted in February 2023 and the revised Ethics Code adopted by the City Council in November 2023. The Council Procedures Manual was updated in March 2024. Staff is continuing to work on developing Commissioner criteria, which will be completed later this year.

Vision Zero

The City Council unanimously adopted the Cupertino Vision Zero Action Plan at the July 9 City Council Meeting. The Vision Zero Action Plan advances to the next level the efforts to achieve transportation safety improvements by identifying strategies to eliminate all fatal and serious injury accidents and by setting achievable goals to do so. The Vision Zero concept is a multi-disciplinary approach that considers roadway design, speeds, behaviors,

technology, and policies to enhance safety. This initiative included the successful hosting of two community meetings, one stakeholder meeting and three Bicycle Pedestrian Commission (BPC) meetings. Crucial to the success of the Vision Zero Plan is continuous data collection and analysis that will be performed in collaboration with a Task Force consisting of a stakeholder group to ensure the goals of the Plan are achieved. Creation of the Task Force is currently underway.

Public Safety in Both Residential/Commercial Areas:

License Plate Readers

A draft policy, memorandum of understanding, and proposed locations will be presented to the Public Safety Commission and to the City Council later this year. City-owned devices will prioritize entry points into the City to maximize the benefit to all residents. Neighborhood-owned devices will be allowed; however, ongoing maintenance will be the responsibility of the device owners.

Public Safety in Commercial Areas

The City conducted research on best practices to increase safety in commercial areas. As retail theft is an increasing issue throughout the region, the City supported the County Sheriff's Office in securing a grant for retail theft suppression in commercial corridors. Launched in January 2024, this initiative aims to bolster local law enforcement's efforts in preventing and responding to organized retail theft, as well as motor vehicle and cargo theft. In partnership with the Sheriff's Office and the Cupertino Chamber of Commerce, the City held a Retail Theft Webinar on April 25 to provide businesses with proven techniques and the latest tools to effectively deter retail theft. The County Sheriff's Office will continue to implement this program while grant funding remains available.

Block Leader Program Enhancements

In support of the City Council's initiative to enhance the Block Leader Program, the City applied for and received a grant of over \$222,000 from the California Governor's Office of CA Volunteers. This funding is for a pilot program focused on emergency preparedness and resilience. Staff are actively implementing program initiatives to encourage active participation and new volunteer recruitment with small focus groups and emergency kit building events in neighborhoods.

Senior Services and Youth Engagement

Staff has developed intergenerational engagement programs and events to facilitate fun and engaging opportunities across generations. A few highlights are included below. On-going and new intergenerational events will be offered at the Senior Center at an operational level.

GenConnect

In March, more than 40 local high school students and seniors gathered at the Cupertino Senior Center to participate in this community-connecting experience. Attendees enjoyed an origami workshop led by members of the Origami Club at Homestead High School, followed by other staff-led activities related to proper waste disposal practices, the City's Climate Action Plan, and a Yoga and Bollywood dance demonstration.

Disco @ Dusk

In June, more than 120 attendees spent the evening enjoying hip tunes, dancing, and engaging in various activities. Kona Ice was on-site serving up delicious, shaved ice and keeping everyone cool.

Techie Teen Assistance

Techie Teens connects tech-savvy teens with seniors in need of technical support. Teen volunteers support seniors at the Cupertino Senior Center twice a week from June through August. This program is free to anyone 50+ and offers tech advice and assistance in stress-free environment. Interested volunteers must apply and complete an interview process before being selected. All teen volunteers receive community service hours.

Housing Element

The Revised third Draft Housing Element was conditionally certified by the CA Department of Housing and Community Development (HCD) in April. Subsequently, the conditionally certified 2023-2031 Housing Element was adopted by the City Council in May with minor edits to remove sites from the Priority Housing Sites Inventory at the request of a property owner. The Housing Element will be fully certified by HCD upon adoption of rezoning of the Priority Housing Element sites. This was presented to the Planning Commission for its recommendation on 6/11/2024. City Council adopted the final ordinances related to rezoning on July 16. The adopted draft and ordinances were submitted to HCD for its final compliance review.

Lawson Middle School Bikeway

The City Council authorized the Lawson Middle School Bikeway Project in the Fiscal Year (FY) 22-23 Work Plan. The project consisted of performing data collection, analysis, and conducting public outreach to determine feasible alternative configurations to provide student cyclists with a separate, dedicated bike path to access the bike racks at Lawson Middle School from the neighboring streets. At the July 9, 2024 meeting the City Council unanimously recommended that staff move forward with implementation of an on-street, two-way protected bikeway on Vista Drive and Forest Ave adjacent to Lawson Middle School. For next steps, staff will proceed with design and construction of the bikeway, anticipated to be completed by Spring 2025.

Analyze Potential Revenue Resources

City staff brought various options for revenue tax measures to City Council and a recommendation to direct staff to explore the feasibility of one or more tax measure via opinion research at the December 5, 2023, meeting. Staff was given direction at that meeting to obtain the business community's input and return to City Council. Staff returned to City Council on February 21, 2024, with input from the business community and a recommendation to forego opinion polling based on changes to the November ballot landscape. Specifically, Assembly Constitutional Amendment 13 (ACA 13), Assembly

Constitutional Amendment 1 (ACA 1), and Taxpayer Protection and Government Accountability Act (TPA).

Overall, 13 of all 26 projects have been completed this Fiscal Year and two projects are in progress. The remaining 11 projects were continued into the FY 24-25 City Work Program. The breakdown is shown in the table below. Refer to Attachment A for additional details and updates on each project listed below.

Completed	In Progress	Added to FY 24-25 CWP
<ul style="list-style-type: none"> • Vision Zero • Public Safety in Commercial Areas • Senior Survey Assessment • Senior Services and Youth Engagement • Dogs off Leash Areas (DOLA) • DOLA Amenities • Study Session on City-Owned Properties • Housing Element • Council Governance Reform Package • Analyze Potential Revenue Resources • Fiscal Procedures and Policies Handbook • Budget Audit • Lawson Middle School Bikeway • Cybersecurity Public Education 	<ul style="list-style-type: none"> • Commission Governance Reform Package <ul style="list-style-type: none"> ◦ To be completed in October, update listed above • Bicycle Facilities <ul style="list-style-type: none"> ◦ To be completed in June 2025 	<ul style="list-style-type: none"> • Tree List – Community Development • Tree List – Public Works • License Plate Readers • Strengthen Block Leaders • Preserve Existing and develop new BMR/ELI Housing • Whole City Policy Review • Fiscal Procedures and Policies Handbook • Support for the unhoused • Municipal Water System • 5G Ordinance • Residential and mixed-use design standards

Next Steps

July marks the beginning of the second year of the two-year City Work Program. The updated [dashboard](#) will be available in August to include all new projects for the current fiscal year. The Q1 update for FY 24-25 City Work Program will be available in the fall. For more information on the City Work Program and to view previous quarterly updates, please visit cupertino.org/cityworkprogram.

FY 2025-2027 City Work Program

In 2025, Council will have the opportunity to revisit and adopt the next two-year City Work Program. Staff has begun planning for the next Council Goal Setting Workshop for the upcoming year. Staff will inform Council of the proposed approach and plan for the Workshop through an informational memo in the coming weeks.

Sustainability Impact

There are no sustainability impacts associated with this update.
