

Recycling & Compost for Commercial Customers

Recology Cupertino

An Employee Owned Company

650 Martin Avenue, Santa Clara, CA 95050 **408.725.4020** or RecologySouthBay.com

Single Stream Recycling

You can now place all of your recyclables into one container. Commercial customers that subscribe to garbage collection service are entitled to Single-Stream recycling service at no additional charge.

By increasing recycling and reducing your garbage, it's possible to lower your garbage service level, which may result in cost savings. You can also show your customers, employees or tenants that you care about your impact on the environment and increase your visibility as a community leader.

That is an opportunity you can't afford to pass up, which is why recycling is truly smart business!

UNACCEPTABLE ITEMS:

- Food and food contaminated packaging
- Garden hoses
- Packing peanuts
- Paper towels, napkins, facial tissue
- Styrofoam

For recycling and reuse options of the materials listed above, please visit RecologySouthBay.com. If you have questions about the recycling program, please call **Recology Cupertino** at 408.725.4020.

According to the EPA, 63.9 percent of what goes into landfills is paper, plastic, metal and glass!

Compost Program

Think there isn't anything you can compost? Think again!

Don't send your food scraps and organic material to the landfill; compost them instead.

We encourage you to use Recology programs to start composting at your facility.

A successful program can help conserve natural resources and save landfill space.

Assembly Bill 341 Mandatory Commercial Recycling

California Assembly Bill (AB) 341 requires all businesses that generate four (4) or more cubic yards of garbage per week and multi-family dwellings with five (5) or more units to recycle by July 1, 2012. **Recycling services are FREE!**

Multi-family dwellings include apartments, townhomes and condominiums.

The purpose of the law is to:

- Reduce garbage from landfills
- Reduce greenhouse gas emissions
