Draft Rule - Portland Cement Manufacturing

Monday, December 12, 2011
Monta Vista High School Cafeteria
21840 McClellan Road, Cupertino, CA

5:00 p.m. – 6:00 p.m.	Open House
6:00 p.m. to 6:45 p.m.	Presentation
6:45 p.m. to 8:00 p.m.	Question and Answer

About the rule

- The Air District is considering adoption of a rule to reduce air pollutant emissions from Portland cement manufacturing facilities.
- The proposed rule includes: air emissions limits for nitrogen oxides, particulate matter and toxic air contaminants; monitoring and reporting requirements; minimum stack height; dust control plan and other requirements.

Public information and comment opportunities

- Air District staff welcomes comments and questions about the draft rule before and during the workshop, and during the comment period.
- Following the workshop and close of the public comment period, staff will assess public comments and provide notification regarding next steps.
- The deadline for public comments on the draft rule is January 3, 2012.

More Information

- For copies of the draft rule and the corresponding Workshop Report, please visit our website at <http://www.baaqmd.gov/pln/ruledev/workshops.htm>.
- Please direct questions or comments on the draft rule to Robert Cave, Senior Air Quality Specialist at (415) 749-5048 or rcave@baaqmd.gov.
