

California Earthquake Preparedness

SECURE FURNITURE:

To prevent injury to your family and minimize damage.

Cabinets

Install positive catching latches. Many variations are available at hardware stores.

Tall Furniture

Install metal "L" brackets between furniture and wall stud at top. (The "L" bracket can be installed inverted so it will be hidden from view.)

Open Shelves

Install guard across shelf, or install wood trim on front of shelf. Place heavy objects on lower shelves.

Hanging Pictures

Screw hooks into wood members only (stud or ceiling joists). Close hooks used for hanging pictures to prevent their falling.
