

CUPERTINO

Welcome to Cupertino!

庫柏蒂諾歡迎您

क्यूपरटिनो में आपका स्वागत है

Located in the heart of Silicon Valley, Cupertino is known for its tree-lined streets, well-planned and civically-minded neighborhoods, beautiful office parks, varied cultural and recreation programs, numerous amenities, diverse eateries, and a budding downtown. All of this combines to make our City a great place to live, work, play, raise a family and **do business**. CNN Money agreed, ranking Cupertino #27 of “America’s Best Places to Live” in 2012.

For these and other reasons, world-class companies – from Apple, Inc. to Seagate – call Cupertino home. They do so alongside the top-ranked primary and secondary school districts and a community college. Together, these institutions produce a highly skilled and well-educated workforce to serve our employers in Cupertino, and also throughout the region and the world.

The City of Cupertino acknowledges that the success of your business is crucial to our success as a City, and is committed to making sure that your business thrives in our shared community. Our team stands ready to link your business to local and regional resources that add value, foster company innovation, ensure financial and environmental sustainability, build social capital, and expand growth opportunities. You can get started here: www.cupertino.org/bizguide.

We look forward to launching our productive partnership soon.
