

California Water Board

Cupertino City Council special meeting on Lehigh
Quarry and Cement Plant

Existing Lehigh Permits

- Lehigh is regulated by three permits that require to protect the surface water in Permanente Creek
- (Order No. R2-2008-0011)
- (Order No. R2-1994-0038)
- (Water Quality Order No. 97-03-DWQ NPDES General Permit No. CAS000001)

New Pending Permit

- An individual NPDES permit for Lehigh will be released for public comment later this year
- The permit will recognize upgrades that Lehigh has planned for its facility pursuant to the Consent Decree with the Sierra Club

Other Regulatory Efforts

- Enforcement-

Over the last two years, Lehigh has paid administrative civil liability penalties of \$10,000 and \$21,000 for alleged discharges to Permanente Creek

Other Regulatory Efforts

- Permanente Creek Restoration-The Regional Water Board issued a cleanup and abatement order to address sedimentation and restore the natural stream flow of Permanente Creek
- Order No. R2-1992-0018

Other Regulatory Efforts

- Legacy Pollution and Selenium-
Lehigh is required to submit technical reports to the Regional Water Board
- Order No. R2-2013-1005
