

CITY OF CUPERTINO

# Request for Proposal

**CUPERTINO**

*Senior Case Management Services*

*Questions and Responses  
Concerning this Request  
for Proposal Submitted  
Prior to December 4, 2014*

1. Is there a current provider? – Presently, the City of Cupertino has one case manager on staff. The position will remain as we are looking to provide more support for case management services.
2. It appears one staff person would be sufficient (e.g., “...40 hours of service at the Cupertino Senior Center...”) is this the case? – That would need to be your agencies determination within the RFP.
3. What is the estimated amount of funding that may be available? – The City of Cupertino is having this RFP to determine the funding level needed to provide this case management contractual service
